An artistic platform for creation, innovation and collaboration

As the largest network of public theatres in Europe, the ETC has more than forty European Theatre Members from over twenty countries, reflecting the diversity of Europe's vibrant cultural sector.

Founded in 1988, the ETC promotes European theatre as a vital social platform for dialogue, democracy and interaction that responds to, reflects and engages with today's diverse audiences and changing societies.

ETC fosters a socially-engaged, inclusive notion of theatre that brings Europe's social, linguistic and cultural heritage to audiences and communities everywhere.

Powerful and professional ETC governance ensures that the network will strive and grow taking into consideration latest trends and developments.
